**JUNE 12, 2024**  
**REDS WILL DONATE 10% OF SALES TO...**

The mission of the Cocksackie Community Garden is to stimulate collective passion for cultivating fresh and sustainable produce while maintaining an interest in civic beautification. The garden is not just a means to grow food, but also provides an opportunity for residents of all ages and backgrounds to come together toward a mutually advantageous objective. The garden furthers its mission by engaging the community with knowledge building classes, providing donations to the local food pantry for community members in need, and most of all, by encouraging all to have fun while creating a healthier lifestyle in the process.

The Cocksackie Community Garden consists of numerous beds for rent, including some that are raised for those who may have difficulty bending over. Donations will be used for wood chips for the pathways between garden boxes, soil, additional garden tools (spades, shovels, wheelbarrows, and watering cans), and general maintenance of the garden.

Reds is super excited to be supporting this organization! We hope you'll join us on June 12<sup>th</sup> knowing that 10% of your dining purchase will be donated to furthering the mission and works of this local organization. Together we can make a meaningful impact in our community.
